School Superintendent's Report

Shelburne, New Hampshire

February 1, 1945

Your school year at the present time has the lowest enrollment for several years, namely, fourteen pupils.

Miss Minetta Tibbetts is again in charge as teacher for her third consecutive year.

Six Shelburne pupils are now registered in High School at Gorham, and we have three registered in the Eighth Grade at our own school, making the number of pupils in High School from Shelburne next year to be nine.

The water supply at the school this year has been very inadequate, and it will probably be necessary to make some arrangement for a better supply of water.

The Health Supervision is again being conducted by Mrs. Gladys Fancy, R. N., of Gorham.

For the complete school year ending June, 1944, the percentage of attendance, on account of much sickness, was unusually low—78.9%. The school year, as required by law, was thirty-six weeks.

Enrollment for year ending June 30, 1944, was as follows:

Grade	Boys	Girls	Total
First	3	0	3
Second	1	2	3
Third	2	3	5
Fourth	2	0	2
Fifth	0	0	0
Sixth	2	0	2
Seventh	1	3	4
Eighth	0	0	0

Another Enemy to Conquer

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.
